

Job Title: React JS Developer

Company: TAG

Location: MG Road, Bangalore

Job Type: Full Time (In-office, 5 days a week)

Experience: 2 to 5 years

Salary: As per market standards

Tech Skills Required:

- 1. React JS*
- 2. Git*

Selection Criteria: Two technical interview rounds

Hiring Deadline: Within 20 days (TAT)

(Note: Immediate joiners preferred, exceptions considered)

Job Description:

TAG is looking for an experienced React JS Developer to join our team at our MG Road, Bangalore office. If you are passionate about front-end development and have a strong foundation in React JS, we'd like to hear from you.

Key Responsibilities:

- Collaborate with cross-functional teams to define, design, and develop new features for web applications.
- Build reusable and maintainable code components.
- Optimize web applications for maximum speed and scalability.
- Ensure the technical feasibility of UI/UX designs.
- Troubleshoot and debug issues as they arise.
- Stay updated with emerging front-end technologies and industry best practices.
- Contribute to code reviews to maintain code quality.

Qualifications:

- Bachelor's degree in Computer Science or related field.
- Proven work experience as a React JS Developer (2 to 5 years).
- Strong proficiency in React and its core principles.
- Experience with popular React.js workflows (such as Redux).
- Familiarity with Git for version control.
- Excellent problem-solving skills and attention to detail.
- Ability to work effectively both independently and as part of a team.
- Good communication and interpersonal skills.

Selection Process:

- Initial screening based on resume and experience.
- Two technical interview rounds to assess React JS skills and problem-solving abilities.
